- International Trade Law, Indira Carr, Routledge-Cavendish, 2010
- Shipping Law, Simon Baughen, Routledge-Cavendish, 2004

SUMMARY

I started my career in insurance as a Marine Claims Officer with PT. Asuransi Jasa Indonesia (Jasindo), Jakarta Menteng Branch Office.

The office being the biggest branch dealing in Marine claims apparently has provided me with a good training ground where I acquired wealth of experience in all aspects of Marine claims, viz. Hulls and Cargo.

In my quest on personal development, I pursued my studies on part-time basis at Trisakti Insurance Academy – Scholarships Program since 1994 whilst attached to Jasindo. I have taken insurance courses in LPAI from Basic to Intermediate Course in Marine Insurance, and has passed also the Insurance Course AAMAI examination majoring “Marine Insurance”.

In 2003, I joined PT. ASUKA BAHARI NUSANTARA, one of the leading local marine surveyor’s and consultants. During my tenure with Asuka, I have dealt with various marine cases including but not limited to site surveys and investigation.

I was also a guest speaker on various seminars, trainings or workshops organized by several insurance companies and their clients, such as Jasindo, ASDP, Pelindo, Bukit Asam, Timah, Tugu, Pertamina, Astra Buana, Aspan, Jasaraharja Putera, AXA and LIG.

In February 2009, I joined PRIMA ADJUSTERS as manager of Marine Department to develop the department and contribute my knowledge and technical know-how until July 2015.

In August 2015, I joined PT. KALIBESAR RAYA UTAMA as manager of Marine Claim Department, dealing with Marine Hull, Cargo, P&I and Forwarder’s Liability.
